Tired of being Earthbound? Blast Off in a new Play Set from UltraBuilt®

Fully-equipped with everything needed for years of backyard family enjoyment!

Our Mission

"We get your child's imagination off the ground!"

Our company is excited to provide kids the opportunity to explore, discover, and imagine... right in their own backyard! We believe that families deserve the highest possible quality at the most reasonable price, and we strive to produce the most durable, safe, and creative play sets on the market.

Our Vision

We believe that our products are among the very best on the market and we are proud to make them available to families across America. As our company expands to meet increasing consumer demand, we are committed to maintaining a high level of personal service, old fashioned craftsmanship, and innovative thinking that sets our company apart from the competition.

Why UltraBuilt®?

Our professional, long-lasting products are designed with the whole family in mind... giving children a healthy, imaginative, and active environment while giving Mom and Dad the quality service and affordability that they deserve. . . .Blast off in a new play set from UltraBuilt® for years of backyard family enjoyment!

Integrity

UltraBuilt® has been built on high moral values and absolute honesty. What you see in our literature and displays is exactly what you get in your backyard. No shortcuts. No gimmicks.

Innovation

Our products are built to last for more than a generation with quality, not economy, in mind. We strive for state-of-the-art, original products designed to bring years of joy and laughter. Discover the UltraBuilt® difference for yourself!

Our Lumber

We use only hand selected #1 grade pressure-treated southern pine. Our lumber is kiln dried after treatment for a dry product. Since our lumber is intended for children's use, boards are resurfaced and sanded for a super smooth finish. All edges and corners are rounded for added safety.

Branded With UltraBuilt® Pride!

At UltraBuilt, we are so proud of the products we build, all play systems that leave our warehouse have our name branded on them.
