

# 7' Level Accessories

Turbo Slide

Kids love them! And so will you... safe, protected and a fun swirling ride.

This great slide comes in a dark green and bright yellow.

14' Giant Wave Slide

Don't let the wave fool you, this slide will not slow your kids down. An added bonus is the special design at the base to keep water from pooling and your kids dry after a rain.

Dark green and royal blue look great on this slide

Giant Rock Wall

**4 Rock Tiles Wide!** Coordination taught here! This kind of climbing is good for everyone. You may just have to join your kids for an afternoon of rock climbing

A sturdy wood base covered in attractive dark grey "rock" tiles.

7' Rock Wall

**3 Rock Tiles Wide!** Specially designed for the 5000 fort package applications.

A sturdy wood base covered in attractive dark grey "rock" tiles.

*Accessories that offer challenge and fun for every skill level in your family!*

7' Rock Climber

Your child can make this climber as easy or hard as they like. Wood slats that little shoes can fit in easily, or if they dare, "rocks" strategically placed for more challenge.

Slatted wood base with green "rocks".

10' Rappelling Rope

This knotted rope adds another layer of fun for young climbers. Turning any play experience into a more challenging one.

Sturdy, knotted nylon rope with special mounting hardware.

Extreme Cargo Climber

Watch your kids build upper body strength and gain confidence as they play. Rugged fun!

Hefty construction, made from a large wood frame with blue plastic coated chain that allows years of rugged use. Or choose our heavy white rope instead.

Tunnel

Join two forts together and create a play space your children will never forget. Double your fun!

Bright yellow or green sturdy plastic includes special hardware for attachment to both forts.
