

# Swing Sets

Perfect as a starter set or  
foundation to build on later!

## Great Adventures begin with an UltraBuilt® Swing Set...

**Start with the basics and choose the swing set style that fits the right design, function, size or affordability that you need.**

**Our standard swing sets** are available in 4 choices 2, 3, or 4 position or our 3XP Extended Beam which includes 2 belt swings, 1 trapeze bar and a disk swing. The extra position can also accommodate a Tire Swing, Babysitter's Swing, Rocket Glider or other combination. See accessories pages 33.

**Choose from a simple A-Frame Swing Set** option that can be added to in the future ...or step-up to our sturdy **Pioneer Swing Set** on page 8 which also offers your choice of 5' level accessories as additions.

**The Observer Swing Set** offers 3 attachment openings for 5' level accessory additions and your choice of swing beam options.

**The Super Size A-Frame Swing Set** beam is 2 ft. higher than a standard beam height at 10 ft. It offers a bigger swing arc for the growing child who loves to swing!

**The popular Monkey Bar A-Frame Attachment** with rings can be added to any standard or Super Size A-Frame.

## DESIGN YOUR OWN!

- ✓ SIMPLE
- ✓ FUN
- ✓ EASY

As easy as...

1. Which swing set will best fit your family's needs? Select the positions you want -2, 3 or 4.
2. Add the options you want.
3. Add the accessories you want.

### Congratulations!

You made the right choice.
