SIMPLE FUN EASY

Welcome to Space Station ULTRABUILT®

With Ultrabuilt Play Systems your play station can be as big as you want.
The sky is truly the limit.

Kids playsets by UltraBuilt®

- fun and safe for your children, secure to your peace of mind. Here at UltraBuilt® Play Systems, Inc., we make the best play sets and swing sets you can buy. Our play equipment and play systems are truly unique—not something you can find at your local department store. Our "Design Your Own" feature allows you to create your own backyard adventure by arranging your playset or swing set in any way you desire. The sky is truly the limit!

Whether you choose our swingsets or one of our wood playsets, your yard will be the envy of the neighborhood, especially when your neighbors see your new jungle gym or one of our top-quality wood swing sets. We also have forts that are a dream come true for your kids! Whether at home or on the playground, our swing set and outdoor swing set selection, along with our wooden swing set and swingset variety, are not just part of an exclusive playground equipment assortment, UltraBuilt® Play Systems are rugged, dependable and sure to provide years of fun for your kids. We want to be a part of your memories!

Distinct Products and Value

UltraBuilt's professional state-of-the-art, durable products are creatively designed with the whole family in mind... giving children a healthy imaginative and active play environment while parents enjoy high quality products at an affordable price. Mom and Dad can even climb aboard!

Smart Design with Parents in Mind

UltraBuilt® Play System's "Design your own" feature allows parents and children the ability to create their own unique backyard fun adventure.

With the ability to pick and choose from a variety of options, customers don't have to pay more for components they do not want or need. UltraBuilt® offers customers exactly what they want for their money.

Check out "[Getting Started](#)" to begin your adventure.

Safe and Secure

Our angled fort ladders feature flat steps for little feet. These steps steady unsure feet and maintain a more consistent temperature than metal rungs. Notched into the side rail, our steps offer extra stability and added strength for a worry free design.
